Back to School Library Tips

It's back to school time for children across the state, which means homework, book reports and research. What better place to help with these issues than the library. Here are a few tips to make your library research and library usage more efficient:

1. Have the topic(s) you will need to research in mind before visiting the library.
2. Use many different resources. The library has books, Internet, and other resources available.
3. Don't wait until the last minute! Thorough research takes time and effort, and your grade will reflect it.

Free Guitar Lessons

Taylor "Tubie" Pushee will continue to give free guitar lessons here at the library every Saturday from 4 to 5 p.m. All you need is your own guitar. For more information, contact the library.

Richards History on Display

Life-time resident and historian of Richards, Margaret Norwood has put in a collection of Richards history that includes pictures of the founding families, early churches, and the town in its early years.

Summer Reading Program 2005 A Huge Success

The 2005 Summer Reading Program was a great success! Over 300 children signed up for the program and we had great attendance on program nights averaging 100 children! Thanks to all of the local businesses and individuals for helping make this year's program a success. Thanks also to the Friends of the Library for funding this year's program.

Be A Friend of the Library

Become a Friend of the Library! The Friends of the Library is a great organization that helps the library to purchase items that are not otherwise in the budget such as a patron copier, funding the Summer Reading Program, and the marquee sign in the front of the library. For more information about joining this group contact the library.
